Objective

I love to be challenged, to think outside the box. I want to work for a company that makes meaningful connections with people, where work is easy, because the people I'm working with are as passionate as I am.

Skills

I specialize in user experience, visual design, animation, branding, and illustration. I work hard to have a diverse skill set, executing interactive design while maintaining a focus on the user experience.

Work Experience

BROOKLYN UNITED

Interactive & Motion Design Intern
(June - Aug 2014)

Worked on a wide variety of client work, from companies like AT&T to local bars, doing branding, animation, and web design.

LAB SENIOR ASSISTANT

Lab Overseer
(Jan 2012 - Present)

I oversee the lab on a daily basis, maintaining the lab and training new lab managers.

DESIGNER SKETCHBOOKS

CEO & UX / UI Designer
(Jan 2014 - Present)

Founder and designer of a sketchbook company personally made for designers.

FREELANCE DESIGNER

Iconography, Web Design, And Motion
(2011 - Present)

Designer for a wide range of products and services, and consulting for companies on current and future designs.

DESIGNERS SKETCHBOOK

CEO & UX / UI DESIGNER

In January of 2014, I started a company that makes customizable sketchbooks for design professionals. From just me, we now have four employees who continue to grow and innovate our sketchbooks! Feel free to ask me for one, I love to share.
